MUNICIPAL ADHESIVES

MAKING CRIME AND REVOLUTION IRRESISTABLE SINCE 2021

The ambition of Municipal Adhesives is making revolution irresistible, to make crime accessible and joyous, and to take back the physical space we inhabit, a stolen inch at a time.

We sell supplies towards that end:

- **High-quality screenprinted vinyl stickers priced to sell in quantity,**
- **Mylar stencils with evocative designs you can use dozens of times,**
- **and Tools to get up where you never thought possible.**

Get them for yourself or your community. Stock them at your community center or bookstore. Invite us to vend at events.

Transform the flat surfaces of your community! Bring the walls to life! Together, they can't stop us!

HOW TO GET OUR SHIT:

OUR WEBSITE: municipaladhesives.com

OUR ETSY STORE: municipaladhesives.etsy.com
Use with caution as Etsy has in the past been used by law enforcement to arrest fighters for liberation

EMAIL: municipaladhesives@riseup.net || PGP public key: pastebin.com/NDEtKU6j
Send us a list of the stickers you want and in what quantity (e.g. "Sticker AG x25, Stencil Dx4") and we'll reply with an invoice and payment options

SNAIL MAIL: Municipal Adhesives
PO Box 494
Chapel Hill, NC 27514
Send us a list of the stickers you want and cash or money order (round up to the nearest dollar, please), and we'll send out your order promptly.

IN PERSON: at convergences, bookfairs, in infoshops and social centers!
We strive to be relevant to the movement for the liberation of humanity and the planet from domination, and to serve it in whatever way we can. If we're doing it right, you might find us tabling your local anarchist bookfair, or a stack of our stickers in your local radical social center.

SLAP PACKS

Dig our designs but can't decide what you want? Need a pack quick to cover some fascist garbage in your neighborhood, and don't really care with what? We got you.

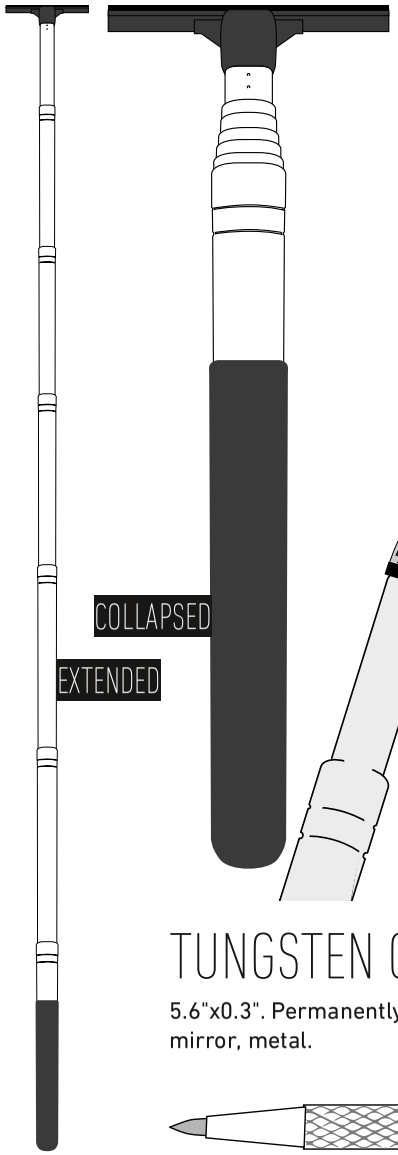
TOOLS



STICK-EM-UP POLES **$15**

8.5" (22cm) collapsed, 38" (96cm) extended.

What the fuck is a Stick Em Up Pole?

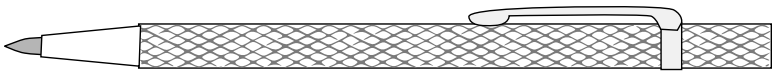
An invaluable tool for the prolific stickerererer: Not only does it allow access to heights (or breadths!) you'd have to climb to slap, the squeegee blade on the buisiness end clears water and rubs grime from smooth surfaces.

Surfaces, weather, or heights that prevent the less-equipped vandal are no longer an impediment! It fits in your pocket yet extends your reach over 3 feet.

Apply the adherent side of the sticker to the underside of the squeegee blade so that the sticker faces you when it hangs down. Bring the sticker to the level of your surface, push the sticker to it, pull up on the pole, and squeegee the edges to ensure it is affixed.

TUNGSTEN CARBIDE SCRIBES **$7**

5.6"x0.3". Permanently etch messages of hope and subversion on glass, mirror, metal.



STICKERS

We've sold over 125,000 stickers of 75+ mostly original designs and given away 35,000 more: shipped to every state in the United Snakes and many countries abroad.

All of our stickers are high-quality, priced to sell in quantity so that you can:

- decorate your block
- brighten the day of a neighbor
- discourage lawmen
- give comfort to rebels and refugees
- give courage to your comrades
- protect an area from fascist recruiting

EGGSHELL STICKERS

Items marked with this icon are eggshell stickers: thinner, more brittle, more difficult to handle. They are also incredibly difficult to remove once applied: advantageous to the vandal. They are also better able to stick to porous and uneven surfaces not usually welcoming for stickers: wood, concrete, stone, even asphalt. See this video from the sticker printer's website:

We look to a world of reproductive justice: where every parent is an enthusiastic participant in the life of their child, and desire is liberated from want and restraint, whether it comes from state, church or capital. This necessitates abortion available on demand, and medical providers beholden only to their own patients and practice.

The stickers feature a sims uterine suction curette, the device used in the greatest majority of surgical abortions in the US, and a set of five pills: one mifepristone and 4 misoprostol, the medications and typical doseage used in the greatest majority of medical abortions worldwide.
